Des Moines Memorial Bench Donation Program

The City of Des Moines Memorial Bench Program allows citizens to contribute to the cost of a park bench at one of the City's parks that comes under the jurisdiction of the Parks, Recreation and Senior Services Department. **Bench donations are accepted on the basis that they will be maintained for 10 years at a specified park location, after which time the disposition of the bench is at the sole discretion of the City.** The attractive benches are made from products that are environmentally safe and maintenance friendly. Bench site availability is limited and will be chosen in consultation with Park and Recreation staff. In the event the bench is damaged the City agrees to repair or replace it.

Options available for a standard 6 foot park bench including installation and dedication are:

- \$3,000 New bench at City approved location with a view of the water includes concrete pad and installation.
- \$2,500 Recycled bench at a current location with a water view.
- \$2,000 New bench at City approved location without a view of the water includes concrete pad and installation.
- \$1,500 Recycled bench at a current location without a water.

Engraving of the dedication is included in the cost of the bench price and is limited in length of message.
