DRAFT Des Moines City Council Transportation Committee Minutes – 6/13/2019

Meeting called to order: 5:00 PM on June 13, 2019, in the North Conference Room @ 21630 11th Avenue S, Des Moines WA 98198.

Council Members

Matt Mahoney (Chair)

Rob Back

Traci Buxton

Other City Staff

Brandon Carver – Public Works Director

Dan Brewer – Chief Operations Officer

Andrew Merges – Engineering Manager

Khai Le – Civil Engineer I

Beth Anne Wroe – Finance Director

Eric Mandelas – Staff Accountant

Matt Hutchins – Assistant City Attorney

Peggy Volin – Administrative Assistant II

AGENDA:

1. Approval of the Minutes from the meetings of 5/9/2019
2. Draft Transportation Improvement Plan (TIP)
3. Draft 2020-2025 CIP

MEETING:

1. Approval of the minutes from the meetings of 5/9/2019. Unanimous.
2. Draft Transportation Improvement Plan (TIP): Engineering Services Manager, Andrew Merges, briefed the Committee on the purpose and background of the TIP which is a long range, 20-year, transportation plan that identifies motorized and non-motorized needs that are not financially constrained. The plan is derived from the City's Comprehensive Transportation Plan and is a list of prioritized projects. He identified three items that had changed from the May 9th Committee meeting, item #19 has been re-prioritized to priority #19; Priority #20 has been added as a new project – S 200th St to S 199th St improvements (segment #1); and Priority # 51 has been revised – S 200th St to S 199th St Improvements (segment #2).
3. Draft 2020-2025 CIP: Engineering Services Manager, Andrew Merges took the Committee step by step through the 2020-2025 Capital Improvement Plan. He gave a brief description of each project which included the year it would be in design, built and completed. Currently, there are 26 projects listed. The Committee asked staff to review project #319.611 – Redondo Paid Parking to determine if there is ability and benefit to accelerate this project.

Adjourned at 5:46 pm

Minutes respectfully submitted by Peggy Volin, Administrative Assistant II

SR 509 Construction Stages – \$968 Million

Legislative Direction – 2019

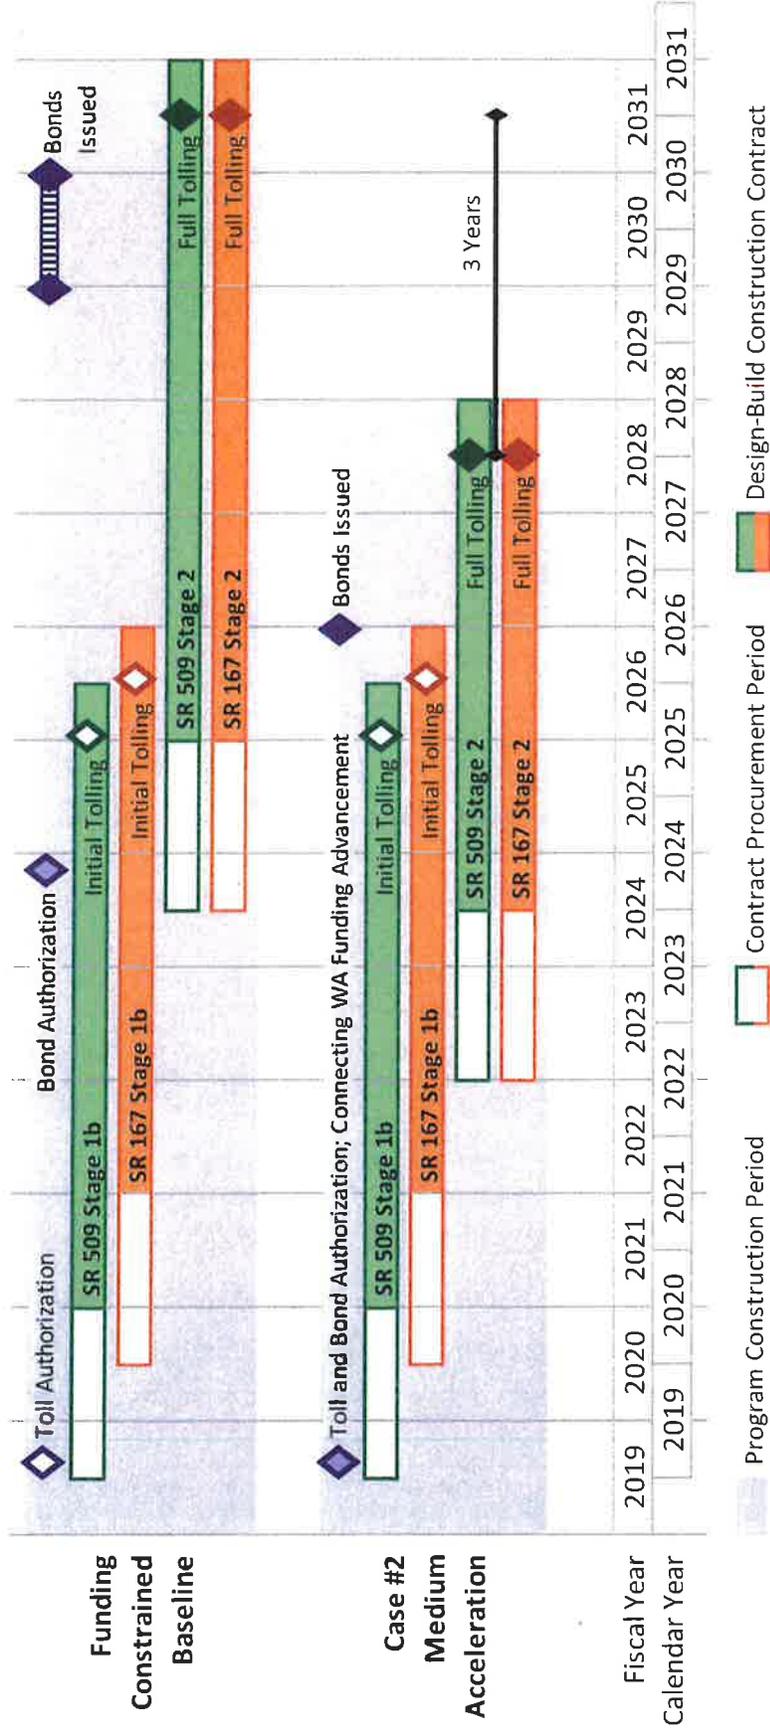

Transportation Budget, ESHB 1160, Section 306:

*(15) **\$265,100,000** of the Connecting Washington account—state appropriation is provided solely for the SR 167/SR 509 Puget Sound Gateway project.*

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) Proceeds from the sale of any surplus real property acquired for the purpose of building the SR 167/SR 509 Puget Sound Gateway project must be deposited into the motor vehicle account for the purpose of constructing the project.

Schedule Acceleration Timeline

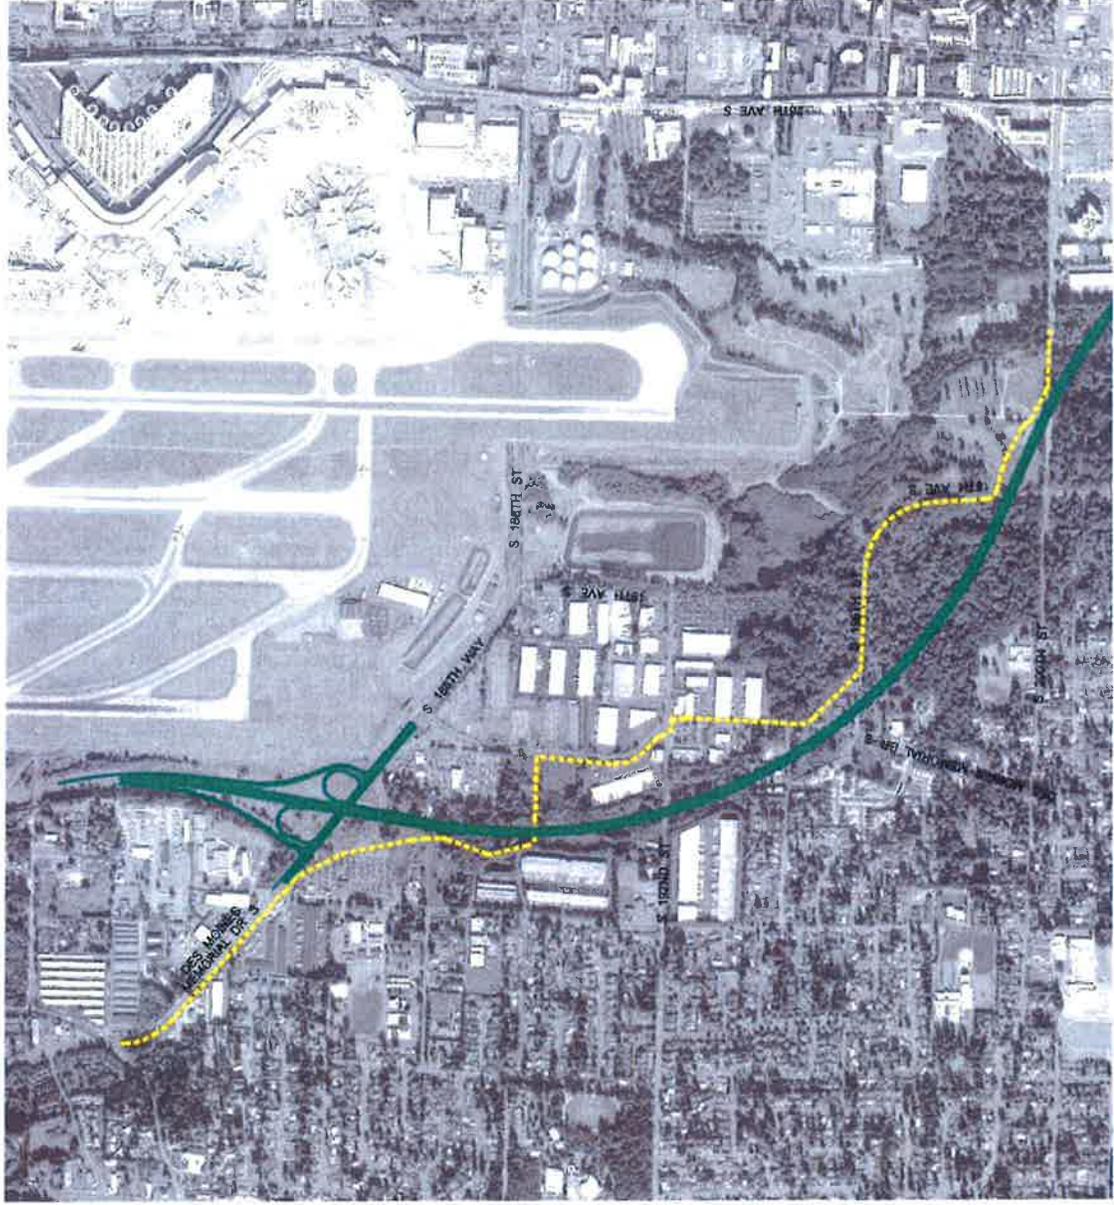

Legislative Direction – 2019

Toll Bill, ESSB 5825, Section 13:

*(4) Prior to setting the schedule of toll rates on the portion of the state route number 509 between South 188th Street and Interstate 5 in SeaTac, the department, in collaboration with the transportation commission, must **analyze and present to the transportation commission at least one schedule of toll rates that exempts, discounts, or provides other toll relief for low-income drivers during all hours of operation on state route number 509 between South 188th Street and Interstate 5 in SeaTac. In analyzing the schedule of toll rates, the department shall consider implementing an exemption, discount, or other toll relief policy for drivers that reside in close proximity to the corridor.***

Lake to Sound Trail

Noise mitigation for SR 509

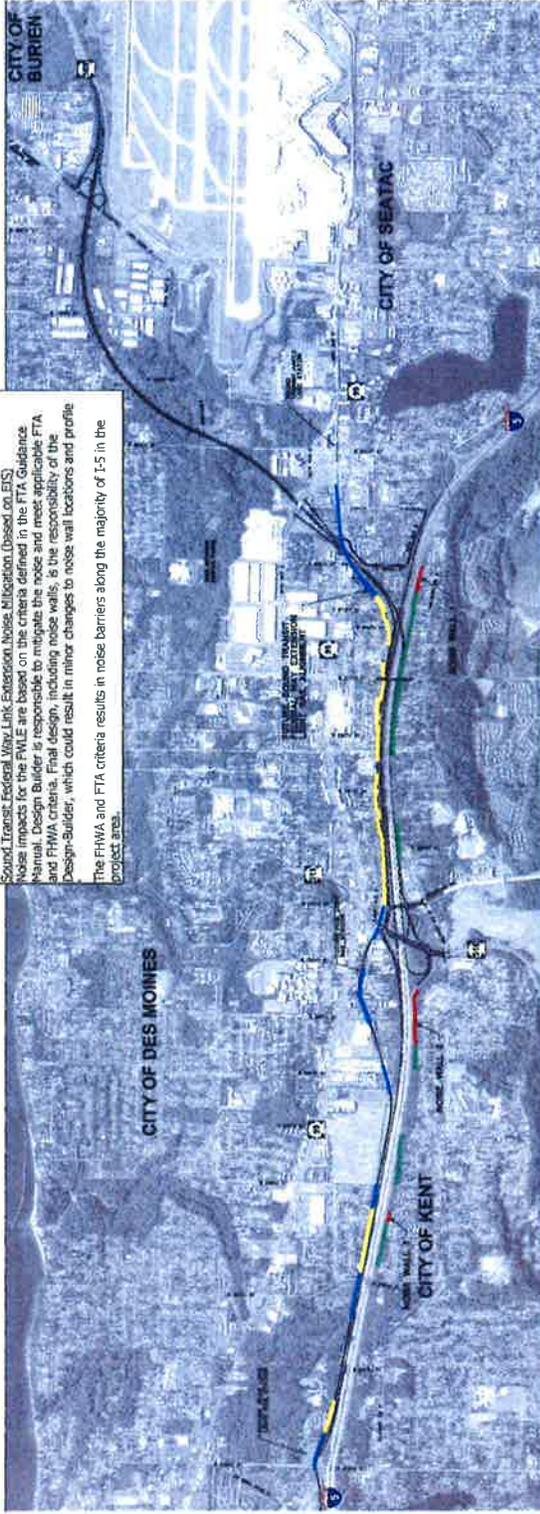

PUGET SOUND GATEWAY SR 509 COMPLETION

PHASE 1 VICINITY MAP

WSDOT SR 509 Noise Mitigation
Noise impacts for the SR 509 project are based on the FHWA criteria. There are three proposed noise wall locations for the Phase 1 improvements based on preliminary design - Noise Wall Area #1, Noise Wall Area #2, Noise Wall Area #3

Sound Transit Federal Way Link Extension Noise Mitigation (Based on EIS)
Noise impacts for the FWLE are based on the criteria defined in the FTA Guidance Manual. Design Builder is responsible to mitigate the noise and meet applicable FTA and FHWA criteria. Final design, including noise walls, is the responsibility of the Design-Builder, which could result in minor changes to noise wall locations and profile. The FHWA and FTA criteria results in noise barriers along the majority of 1-5 in the project area.

- EXISTING NOISE WALL
- PROPOSED NOISE WALL
- NOISE WALL CHANGE
- NOISE WALL ELIMINATED
