**Update on Small Capital Projects in the Marina**

- Security Cameras at Redondo. The installation of the CCTV security cameras at Redondo was completed in May and the cameras are on-line.
- Activity Float Canopy. The contract for the Activity Float Canopy is nearly ready for the vendor to sign. The vendor and the engineer who did the calculations for the canopy design are doing some value engineering that may make the final design cheaper to build.
- 6<sup>th</sup> Ave. Stairway Gates. The vendor with the lowest bid has been selected and this project will start in June.
