INTRODUCTION

Honorable Mayor and Council:

On behalf of the entire management team, I am pleased to submit the budget for fiscal year 2021. This budget was developed in support of the City Council's goals, current and projected service and infrastructure needs, and is reflective of current and projected economic conditions impacting the City.

A budget is a statement of values. For the 2021 budget, the process and recommendations are greatly impacted by the COVID-19 virus pandemic. The global, national, and regional economies were essentially ground to a halt with a few exceptions, starting at the end of first quarter 2020. Unemployment skyrocketed as the private sector and especially small business experienced reduced demand, both through protocols of caution to prevent the spread of the virus and by reduced demand as disposable income (for consumption) shrank. The impacts on small business were especially harmful as small businesses generate more employment than larger businesses on a per capita investment basis (for the most part).

The policy implications of the pandemic are that new policies requiring City resources are constrained. The entire focus of the 2021 budget (and several potential amendments to the 2020 budget) are a function of the challenges presented by COVID-19.

Operationally, two significant perspectives emerge. The first is the Cities' direct response to COVID-19. The response consisted of a new dynamic. On March 5, 2020 the City Manager issued an Emergency Proclamation in regards to the virus. The City Administration, in cooperation with the City Police Department, South King Fire and Rescue and Information Technology resources from each agency stood up our local Emergency Operations Center (EOC) at Fire Station 67 in Des Moines. Responses to COVID-19 were focused through the EOC. The normal governance process for our City was realigned, consistent with National Incident Management System requirements and consistent with Incident Command System as well as almost daily protocols issued by the federal, state and public health agencies.

Our local EOC coordinated with King County EOC and many other Partner agencies. The Open Public Meetings Act also significantly reduced the range of actions available to the City Council and meetings were held virtually. City Administration provided ongoing updates to City Council on the virus and actions taken by the City in response to the virus.

The second significant action taken in regard to the pandemic, as City facilities were closed to prevent the spread of the virus, was a comprehensive review of alternative ways to conduct business and an opportunity to review and change essential functions, programs and services provided by the City. All of this was done in the context of national unrest in regards to racial injustice and endemic, institutionalized racist practices that run through United States institutions and governments.

The budget that will be approved by the Des Moines City Council for calendar year 2021 will reflect the policy choices of the City Council guided by principles that safeguard the public trust and public resources; that provides for actions that enhance the safety, quality of life and overall general well-being of the city; and, that maximizes the efficient use of budgetary resources. Governments allocate scarce resources to programs and services through the budget process.

Before discussing the recommended budgets and specific programs and services for the coming year, it is important to provide a review of our financial status to this point.

Financial History and Outlook

It has been a long road to get to the place where we are financially solvent and strong, with appropriate contingency and reserves. Let me recount the challenges we faced.

In 2014, the Washington State Auditor issued a finding that described the City's precarious situation. (A finding by the auditor expresses the condition that the financial viability of a governmental organization may prevent that government from continuing to function). The finding in the case of Des Moines was based on:

- A gap existed between structural expenditures (greater) and structural revenue (lesser).
- The use of one-time money to cover this gap.
- The danger of relying on one-time money – it is one-time, uncertain and unpredictable.
- That no long-term plan to address this dangerous position had been developed.

The importance of assuring that structural revenue (i.e. revenue that is ongoing, essentially on an annual basis – property taxes, utility taxes, sales tax and other ongoing sources of revenue) must be sufficient to pay for structural expenditures (i.e. expenditures that are ongoing, maintenance of city equipment, employee salaries, utility bills, are a few examples). When structural expenditures exceed structural revenues, the financial position of an organization becomes dangerous. This was the position the City was in when this audit finding was issued in 2014.

Over the past six years, the City has made tremendous strides in improving its finances. For the past several years, the City has received the Government Finance Officers Association Award for Excellence for our preparation of the Comprehensive Annual Financial Report (2017, 2018).

Based on our strong financial position that occurred as we implemented appropriate financial practices. Standard and Poor's raised the City bond rating to AA+ and Moody's also issued a bond rating upgrade which resulted in interest savings on bonds of several hundreds of thousands of dollars.

This stabilization has occurred partly due to significantly enhanced economic development in the Des Moines Creek Business Park and elsewhere in the City, and due to prudent management of existing resources. The City's current financial condition results from difficult decision-making and exemplary leadership by the City Council in partnership with the City Administration over the past six years.

The 2021 budget is a sustainable budget, despite the exceptional impacts of COVID-19. This strategy has included the development of a five-year forecast model that established an overarching structure to ensure the budget remains sustainable and the City remains solvent.

The City planned for an initial decrease in forecasted revenues in the range of 10% to 15%. There will be continued uncertainties presented by the COVID-19 pandemic and it will be difficult to predict the length of the COVID-19 pandemic; what the full economic impacts of the virus will be; and what the revenue impacts resulting from economic activity will be.

Retail Sales Tax Revenue through September 2020 (July Sales) overall has decreased 18.71% compared from previous year-to-date. This decrease is a combination of a major decline in construction sales tax sector resulting from a decrease in construction activity. However, this decrease is somewhat offset by increases in the retail trade sector of 18.7%, in the manufacturing sector of 6.3%, and in the wholesale trade sector of 10.0%. A dynamic of home sheltering in place shows an increase in retail trade sector consumption as homes stocked up on supplies in the face of the Pandemic. Based on the August financial information the City forecasted a 17.6% overall decline in sales tax and B&O tax for 2020, which has been reasonably close to actuals. The City is anticipating an improvement in tax performance in 2021 and is forecasting a 7.6% decline in sales tax and B&O tax from the amount originally budgeted in 2020 for the 2021 Preliminary Annual Budget.

Assumptions about degree and direction of growth moving into 2021 are based upon information from the Washington State Economic Forecast Council.

Property tax revenue assumption in the 2021 Preliminary Annual Budget does not include the statutory 1% increase in the property tax levy for existing residents and businesses. Since the City is not increasing its levy in 2021, it will take action to preserve (“bank”) levy capacity for use at some future date.

Financial Strategy

Honor the commitment to utilize structural revenues to finance structural expenditures.

Maintain legally established (by the City Council) contingency reserves. The City is required to retain 16.67 % of the general fund, a national standard established by the Government Finance Officers Association and adopted by Des Moines City Council in fund balance.

THIS IS NOT A SURPLUS but rather an insurance against risk (known and unknown). In this pandemic, risk is difficult to assess with the huge degree of uncertainty that COVID-19 exhibits in its transmission dynamic.

The City utilizes one-time revenue for one-time expenses, with the exception that one-time sales tax on building construction exceeding \$15 million was utilized in 2020 to assure compliance with the fund balance requirements and a portion of one-time sales tax may be needed to preserve fund balance consistent with contingency reserves in 2021. These funds will not be spent for purchases or for any costs but will be placed in fund balance should a financial crisis occur in either the macro or micro economy.

Appropriate utilization of federal, state and county resources to finance activities related to COVID-19 response and to local economic development actions sponsored by the City. This has also included use of the State ‘stand-by’ option to supplement salaries for certain designated employees.

Finally, the City Administration has looked very carefully at functional issues and appropriate staffing to carry out those functions. The section below looks in depth at changes made to date in response to COVID-19. The City was early in responding to the pandemic. In early March we stood up our Emergency Operations Center (EOC) in cooperation with South King Fire and Rescue. The EOC is located at Fire Station 67. Emergency efforts were coordinated from the EOC that includes Fire, City Police, City government and regional partners. Also in early March, the City Manager issued an emergency

March 26, 2020. City facilities have been closed to the public since March, 2020. There is constant monitoring of the pandemic and appropriate actions to stem its tide.

However, the degree of uncertainty caused by this global virus has certainly impacted the City's ability to plan for the future. Every day we have faced uncertainty and there has been no playbook for our actions, which are essentially based on mitigating potential risk from the virus. It is for this reason that maintenance of appropriate fund balance (contingency reserve) is essential to future financial health.

Immediate and On-going Operational Impacts of Covid-19

The COVID-19 pandemic has forced significant changes in the operation and provision of services by local government, generalized across our country and locally, specific to Des Moines. Let me recount changes we have made in response to the challenges of the COVID-19 pandemic. The majority of these changes due to COVID –19 were presented to City Council at the Council Budget Retreat in August, 2020.

Our department heads were asked to work with their staffs to identify dynamic impacts related to the Pandemic. Actions taken in 2020 are indicative of the manner the City will conduct business in 2021.

Emergency Management – the City has dedicated staff for Emergency Management and Preparedness. This position coordinated with City Administration, Police Department, South King Fire and Rescue and with our regional partners to stand up the Emergency Operations Center. Constant updates and actions associated with the Governor's Stay Home – Stay Healthy protocols and coordination with federal, state and regional public health agencies. City emergency staff continues to provide daily and then weekly updates as to the status of the pandemic spread and actions to protect our residents and businesses.

The EOC coordinated city staff support for the Des Moines Food Bank, unloading the weekly food truck; distributed of 16,000 face masks to community and Highline Schools; and, established ongoing communication with community partners and neighboring cities. We have also implemented health screening stations for City facilities; provided COVID – 19 training for all employees; provided and ordered Personal Protective Equipment (PPE) for all departments; and stand ready for a potential second wave of the spread of the virus.

Finance – As City Hall offices and facilities were closed in response to directives from the Governor, our Information Technology department, part of the City Finance department, set up and provided necessary equipment and connections for employees to work from home providing remote access for 50 employees within 10 days. Provided technical assistance and support for all departmental changes using technology; and accomplished the following; one day to connect Emergency Operations Center (EOC) to City network; online video conferencing (Zoom); facilitated virtual City Council meetings; established a virtual Municipal courtroom; and transitioned to Cloud Software (Plan Review, Pet & Alarm Licensing).

This year, despite the pandemic, Finance issued a Request for Proposal for Financial Management System Software (FMS) and Implementation Services. A selection of a vendor was made and a contract was approved by City Council on July 16, 2020 with Tyler Technologies, Inc. The City has started the implementation of the new Financial Management System and anticipates the new system to be in place by the end of 2021 or early 2022.

Implementation of FileLocal for Business Licenses and Business & Occupation Tax Filings was completed

by July 1, 2020. This provides businesses the ability to obtain or renew a business license and to file their business & occupation taxes online.

Finance is currently developing a cost allocation plan and anticipates completion in early 2021. This plan will make changes to the current intrafund and interfund charges between city departments and funds.

The impact of COVID – 19 on Finance resulted in most staff working remotely to enhance workforce safety and productivity. Finance had to maintain payroll and vendor payments, deposits and cash flow, assist departments with exploring and implementing new payment options (remote/online/cashless payments). Finance also implemented enhanced electronic/virtual procedures for employee timesheets, supervisor approval of timesheets, electronic benefits, administration, expanded employee direct deposit participation, etc.

In order to comply with federal guidelines, Finance implemented enhanced procedures for tracking employee time and other expenses for eventual CARES Act, Federal Emergency Management Agency (FEMA) Public Assistance and Department of Justice reimbursement of COVID related costs.

Human Resources - Entering into 2020, there were a number strategic priorities outlined for Human Resources with the primary focus on the purchase of a Human Resources Information System (HRIS). This system would allow the City to leverage technology to better manage personnel information. There were several other functional areas within HR identified as priorities but with the onset of COVID-19, the focus quickly shifted to continuity of services in response to this global pandemic. Immediate changes were made to protect the health and safety of our staff, while still meeting the needs of our community. Also implemented employee leave provisions enacted by Congress in response to Covid-19. Human Resources, in collaboration with other senior leadership, developed an overall strategy relative to City personnel. Actions taken by the City included, implementation of a temporary hiring freeze, utilization of attrition and early retirement incentives, placement of staff on the Employment Security Department's (ESD) standby program, aligning employment as a result of programmatic or department reorganizations, and utilization of a "mutual shared risk" concept for addressing future wages within our Teamsters bargaining contract.

Municipal Court – the Court has made "continuity of court operations" as their primary goal. This includes:

- Phase 1: Triage – short-term (March thru May 2020)
 - Public safety considerations in criminal cases
 - Constitutional, statutory, and procedural rights of litigants (civil and criminal)
 - Maintaining open courts (public trial right)
 - High volume of cases
 - Holding court without a courtroom?
 - Problem-solving
 - Personnel – who can do what, and from where
 - Resources –what can be done with existing resources, what don't we have that we will need
 - Outreach/brainstorming with other Courts (WA & across the country)
 - Create a framework, manage expectations
- Phase 2: Restructure – mid-term (June thru Dec 2020)
 - Top-to-bottom Re-assessment & Overhaul

- Shift civil (traffic) hearings to adjudication by mail/email or Zoom
- Shift routine criminal hearings to Zoom
- Change in SCORE operations
- Simplify bench warrant quash procedures
- Creation of virtual clerk's office (receive payment, answer questions, file documents)
- Complete overhaul of the court calendar for the remainder of the year (and beyond)
- Probation appointments via zoom
- Remote observed drug testing & automated curfew system (in process)
- Revise jury trial procedures to accommodate social distancing requirements
- Re-assessment of personnel needs & additional resources required to support new structure / manner of delivering court services
- Phase 3: Sustainability – long-term (2021 & beyond)
 - Challenges Ahead
 - Expiration of emergency orders
 - Legal challenges prior to, or after, expiration of emergency orders
 - Accommodating increased caseload when case filings increase
 - Adequate jury pool to conduct jury trials
 - Ensuring all parties have access to appear by phone or video
 - “Unknown unknowns” - continue to trouble-shoot, adjust, move forward
 - Planning for resumption of in-person hearings & jury selection only when we can do so safely and consistently with state and local guidelines
 - Benefits
 - Maintaining public trust and confidence through continuity of operations
 - Increased access to justice
 - Cost-effective and efficient
 - Decreased rate of failure to appear (anecdotal, will track)
 - Increased compliance with probation appointments
 - Better-prepared for future emergencies

Legal (City Attorney's Office) - Governor's Order limited actions City Council could consider from March 24, 2020 through June 1, 2020. All legal staff telecommuting, office closed to the public. Pre-COVID priorities were replaced with Orders of the Governor and Health Department for City operations. Court operations were largely halted. Legal requirements continue to change on a daily basis, priority is remaining in compliance. Increased availability of Domestic Violence Victim Advocate. Department is essentially paperless. Prosecution is being done virtually, and caseloads are beginning to increase.

Police Department (PD) – Our Police Department in coordination with South King Fire and Rescue are our first responders to 911 calls and to COVID-19 incidents. Police are valuable participants in the local Emergency Operations Center (EOC). PD has had to respond to pandemic related events and has utilized the EOC for Emergency Operations Center to coordinate activities of the Safety Officer; Exposure Control Officer; acquisition of Personal Protective Equipment (PPE); holding daily meetings; call Response and Staffing Impacts; reduction in Workforce Phases dependent upon COVID infection or injuries to officers; has had to Cancel Community Events/Meetings; has focused on Operational Impacts-Continuity of Operations.

Additionally, police facilities are closed to the public and PD has had to maximize telecommuting for those services that can be done remotely. At the same time the pandemic spread, the role of police

throughout our country has been challenged to reduce institutional racism and excessive use of force. Our PD has taken the following steps in regard to both of these societal challenges working to examining Police Response to Calls; Minimizing exposure of staff (medical and non-emergency calls); emphasizing of on-line and telephone reporting; remaining accessible to the public during pandemic. PD has also moved payments and registrations on-line (Pet Licensing, Alarm Program); established a 24-hour department drop box; implemented safe concealed permit licenses; responded by completing all requirements for the Campaign “8 can’t wait.” PD has also conducted Analysis and Response functions; initiated a Diversity Advisory Group; conducted Demographic Analysis and Use of Force Analysis.

PD is adopting to the new dynamic of policing: Maximizing Efficiency; implementing a Dedicated Traffic Officer; Acquiring 2 New Patrol Cars (Narcotic Detection K9, Traffic); Maximizing Services to the Community; Development of imbedded social services outreach program; Narcotic Detection K9 Officer (existing staffing).

PD is working to Prepare and Respond to Peaceful Protests of greater than 100 demonstrators; reviewing with City policy-makers the value of Body Cameras – research currently underway.

Finally, PD in working to utilize best practices for Crisis Intervention has been researching best practices and partnerships; is working with the VIIT (Valley Independent Investigative Team); ensuring compliance with I-940; maintaining Accredited Agency – Standards and on-going compliance with policing best practices

Community Development – This department that comprises Planning, Permitting and Building has faced one of the most difficult challenges from the COVID – 19 pandemic. The protocols on construction sites evolved rapidly and in many cases changed faster than requirements for most workplaces. These essential services needed to be provided without interruption and that became the challenge for inspectors and plan review. During the course of the first wave of the pandemic there was a great deal of uncertainty as the following occurred:

- Construction halted
- City Hall closure
- Construction reopened in stages, rapid change in protocols
- Multiple new procedures, sometimes daily or weekly
- All new ways of delivering service:
 - pre-applications
 - application acceptance
 - review
 - issuance
 - inspections
 - inquiries

In response to these challenges to maintain opportunities for development in the City the following were utilized:

- Accelerated implementation of electronic submittal and plan review – record time
- Virtual pre-application, pre-construction and other meetings
- Virtual inspections implemented
- No contact drop off procedure for paper submittals
- Move to electronic response for customer questions/information
- New safety procedures – adds time in office and to each inspection

- All services now available
- Relatively smooth transition, few customer issues
- Still evolving procedures to improve customer experience

FUND 105 – Development fund: Customers pay fees in advance

These fees are credited to fund 105 for future work which helps assure appropriate staff regardless of the economic cycle; funds pay for the work as it occurs (12 to 18 months); fund balance is healthy and sustainable; current construction boom continues. There was a dip during construction halt but activity has rebounded rapidly in the 3rd quarter of 2020. The City is expecting a couple of large construction projects to start in the fall of 2020 and continue throughout 2021.

Parks, Recreation and Senior Services - This is one of our most community-oriented departments and they have been challenged by a shifting and uncertain regulatory and safety environment due to protocols related to social distance and safety. A number of programs were cancelled including Before and After School/Camp KHAOS Programs. We worked closely with Highline School District to understand their planning for District programs and attendance. That collaboration continues to this moment. Essentially In-person sports programs and field rentals had to be cancelled.

Staff has worked to develop and implement virtual new programs including: virtual soccer and basketball clinic (Sounders/Storm); Skyhawks and other virtual camps and classes; and, E-sports gaming. We also began work to improve the Field House field drainage receiving more than \$200K from State of Washington Recreation and Conservation Office (RCO)/King County Youth and Amateur Sports (KCYAS). Two recreation staff members were placed on standby status (ESD) as a result of these reduction in program offerings. We were able to offer a drive-in movie at the Marina in late August, 2020. Because of the impacts of COVID-19, there is a greater need for social and support services associated with the work of our Human Services Commission. In the 2021 Annual Budget, I am recommending an increase in our Human Services Commission funding from \$150K to \$175K.

We are always working to enhance quality of life for our residents and in this regard, Parks staff has applied for and received numerous grants totaling in the millions of dollars to expand open space at our local parks, including Midway Park. The development of Midway Park into a larger footprint with more activities available stemming from our partnership with Seattle Storm and Sounders for new facilities at Midway, and more open view corridors to enhance safety at the park are all examples of community building through park development.

Our senior services programs are critical to our seniors who are a vulnerable population. In response to their needs and demand for services, given we had to close the Senior Activity Center due to pandemic protocols, we instituted the following:

- Take-out hot lunch service (one of the first) – start ~ 30/day, up to 130/day
- Delivery by transportation services/City staff
- Continual safety review of procedures
- Special occasions (flowers, cards), phone check-ins, social worker via phone
- New meal voucher program (EATS) – this program ends at the end of 2020.
- Continue work on African Diaspora cultural hub with Central Area Senior Center

Public Works – This department performs maintenance and Operations of the City’s physical assets: Roadways, storm system, Parks, City buildings, City vehicles and facilities. They implement the Capital program, providing improvements to existing assets and building new assets. Public Works also provides Development Review services – reviewing and approving privately built City infrastructure associated with private development and investment.

PW responded to COVID-19 by: Freezing 6 vacant positions (4 in Maintenance, 2 in Engineering); implemented rotating shifts for Public Works maintenance staff to assist in social distancing and abiding by ‘Stay Home-Stay Safe’ Order mid-March to mid-May; instituted telework/remote for majority of Engineering staff; conducted on-line meetings; and, utilized virtual inspections in conjunction with similar process adapted by Community Development.

City Council passed the City’s Capital Improvement Plan in September 2020 that reprioritized a number of projects that will be delayed based on the uncertainty of the financial impacts of the pandemic.

City Manager’s Office – This office manages, supervises and coordinates activities within City government. Some of these include emergency response for COVID-19; Public Records Management (City Clerk’s office); City Council relations (with City Clerk); coordinating responses to citizen inquiries; manage city contracts, claims; manage accounts receivable; manage City Council actions; prepare agenda packets for City Council and committee meetings and manage City communications.

Additionally this office manages economic development efforts, aviation issues, and legislative affairs working with our legislative advocate. Maintains interagency relations with King County, Metro, Greater Seattle Partners, Southside Chamber of Commerce, Highline School District, Highline College, Small Business Development Center, Regional City Managers, and statewide City Managers.

The City Manager is the Chief Executive Officer of the City (per Washington state statute) and reports to the City Council acting as an elected body. Individual City Council members cannot direct the City Manager or City staff without a majority vote by the City Council.

The City Manager, in this document, is responsible for presenting a recommended budget to the Council. I would finally like to commend our excellent staff who are committed to achieving excellence and in maintaining a City government that is stable, sustainable and solvent!

Respectfully submitted,

Michael Matthias
City Manager

READER'S GUIDE TO THE BUDGET

The City of Des Moines Budget contains a great deal of information for all levels of users. The budget document serves many purposes, including communication. The following is a brief description of the contents of each section of the budget document.

Section 1: Introduction

The Introduction section contains:

- The City Manager's Budget Message;
- A Reader's Guide to the Budget;
- List of City Officials; and
- City organization chart.

Section 2: Budget Guide

This section reviews the City's budget process, financial policies, as provides information on the fund structure.

Section 3: Financial Summary

This section reviews the City's overall financial picture, including budget highlights, revenue and expenditure estimates, and financial forecasts for the upcoming year. This section includes charts illustrating revenues by fund and type, as well as a description of any assumptions used in developing the budget.

Finally, the section reviews the City's staffing levels, providing an overview of staff by department. This section also includes the City's historical authorization of full-time employees, and the Index of Positions and Pay Schedules.

Section 4: General Fund Program Summaries

This section includes organizational charts and operating budgets for each department in the General Fund, including a description of the department.

Section 5: Other Fund Program Summaries

This section includes all non-General Fund program summaries.

Special Revenue Funds: Includes organization charts and operating budgets for the City's Special Revenue Funds – Streets, Street Pavement, Development, Police Drug Seizure, Hotel-Motel Tax, Traffic In Lieu, Traffic Impact (City-wide), Traffic Impact (Pacific Ridge), Real Estate Excise Tax 1 (1st quarter percent), Real Estate Excise Tax 2 (2nd quarter percent), Park Levy, Park In Lieu, One-Time Sales Tax and B&O Tax, Redondo Zone, Waterfront Zone, PBPW Automation Fee, Urban

Forestry, Abatement, Automated Speed Enforcement (ASE) and Transportation Benefit District Funds.

Debt Service Funds: Includes an overview of the City's debt, including details of outstanding debt.

Capital Project Funds: Includes an overview of the funding sources for the City's capital project funds and planned expenditures in Municipal Capital Improvement and Transportation Capital Improvement Funds.

Enterprise Funds: Reviews the City's enterprise funds, which are the Marina and Surface Water Management (SWM) Funds.

Internal Service Funds: This section includes an overview of the City's internal service funds, including assessments to user departments and planned expenditures in those funds.

Section 6: Appendix

This section provides a glossary of budget terms and acronyms used in municipal services and budgeting.

CITY OF DES MOINES ORGANIZATIONAL CHART

BUDGET GUIDE

BUDGET PROCESS

The City of Des Moines's budgetary process follows the provisions of the Revised Code of Washington (RCW), Chapter 35.33.

During the spring and summer month's departments begin preparation of their budget requests for the coming year. Throughout this process meetings are held with appropriate staff and with the City Manager to review the budget requests. After compiling the data, the Preliminary Budget document is prepared. This document is made available for public review in the City Clerk's office and at the Public Library before November 1.

The proposed budget includes the annual operating expenditures and estimated revenues, as well as the calendar year appropriation of the projects included in the 2021 Preliminary Annual Budget. The budget for capital funds is based on the six year 2021-2026 Capital Improvement Plan which was adopted at the September 24, 2020 City Council meeting by Resolution 1419. The six-year Capital Improvement Plan is a flexible, dynamic tool that encourages long-term decision-making and assures the continuity of Council goals and objectives. While the six-year capital improvement plan sets project priorities, the Preliminary Annual Budget provides the legal authority to spend money on selected projects. The capital projects for the upcoming year are included in the annual budget and are to be formally adopted in the 2021 Annual Budget before December 31.

The budget is prepared on a modified accrual basis of accounting. Generally this means it presents sources and uses of funds that relate to the budget year and which are expected to be collected or spent within the year or shortly thereafter.

During August, the City Manager and City Council meets to review the five year financial forecast. In subsequent council meetings staff and council discuss various cost containment options as well as potential revenue enhancement options based on the financial forecast. The public are welcome and provide their views and priorities to council through the budget discussion process. At least two formal public hearings are conducted and the budget ordinance is given first and second readings at regular City Council meetings. The final public hearing must be held no later than the first Monday in December. Final adoption of the budget occurs after the second reading of the budget ordinance. State law directs the budget adoption by no later than December 31.

The adopted budget constitutes the legal authority for expenditures. The level of control at which expenditures may not legally exceed appropriations is the **fund**. Revisions that alter the total expenditures of any kind must be approved by the City Council and adopted by ordinance. The City's budget is amended at least once during the year before year-end. All appropriations lapse at the end of the year.

FINANCIAL POLICIES

GENERAL FUND

One Time Revenues Policy. Ordinance 1637 which was adopted December 10, 2015 in conjunction with Ordinance 1561, passed on December 13, 2012, which requires the General Fund to transfer all of the sales tax and business & occupation tax revenues received by the city from development projects with a total value exceeding \$15,000,000 to the Municipal Capital Improvement fund to be used for projects consistent with the purposes of that fund. These “one-time” revenues cannot be used to fund General Fund operating expenditures.

The 2021 Preliminary Annual Budget has been prepared with the projection of receiving \$400,000 in “one-time” tax revenues. Of the amount received \$100,000 will be transferred to the Capital Projects fund to be used for capital and \$300,000 will remain in the General Fund to assure compliance with the fund balance requirements per Ordinance 1703.

Ending Balance Policy (16.67% Reserve). Ordinance 1703 directs the City Manager to establish expenditure policies that will result in a general fund unrestricted ending balance or operating reserve of no less than two month (amounting to 16.67%) of the recurring operating expenditures for each fiscal year. The 2021 Budget provides for an ending fund balance of approximately \$4,153,086 or 17.44%, thereby meeting this requirement.

DEBT POLICIES

The following debt management policies are adopted:

1. Debt shall not be used to finance ongoing operational costs.
2. Whenever possible, the city shall identify alternative sources of funding and shall examine the availability of all sources in order to minimize the level of debt.
3. The city shall determine the most advantageous financing method for all new projects.
4. Pay-as-you-go financing of capital improvements shall be utilized whenever feasible.
5. Total general obligation debt shall not exceed seven percent of the actual assessed value of the city as required by law.
6. The city shall utilize intergovernmental contributions, when available, to finance capital improvements that are consistent with the goals and priorities of the city.
7. The scheduled maturities of long-term obligations shall not exceed the expected useful life of the capital project or asset financed.
8. The city shall encourage and maintain professional relations with financial and bond rating agencies and shall follow a policy of full and open disclosure as required by the Securities and Exchange Commission rule 15-3C-1.

FUND STRUCTURE

The governmental financial reporting model, as promulgated by the Governmental Accounting Standards Board uses fund accounting to comply with legal restrictions on the use of public resources. A “fund” is defined as a fiscal and separate accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.¹ Governmental units should establish and maintain those funds required by law and sound financial administration. Only the minimum number of funds consistent with legal and operating requirements should be established, since unnecessary funds result in inflexibility, undue complexity, and inefficient financial administration.²

No matter how many individual funds a government elects to use, they can be categorized into three broad categories: governmental funds, proprietary funds and fiduciary funds. Governmental funds are used to account for activities primarily supported by taxes, grants, and similar revenue sources. Proprietary funds are used to account for activities that receive significant support from fees and charges. Fiduciary funds are used to account for resources that a government holds as a trustee or agent on behalf of an outside party and that cannot be used to support the government’s own programs.³

For financial reporting purposes, governmental and proprietary funds have traditionally provided different types of information. Since governmental funds account for the flow of current financial resources, debt issuance and repayment and capital outlay acquisitions are included as current year resources and expenditures. Proprietary funds account these activities as increases and decreases in liabilities and assets. For budgetary purposes, though, both governmental and proprietary funds are concerned with changes in current financial resources and therefore budget for debt issuance and repayment and for capital outlay acquisitions.

With respect to the **basis of accounting**, governmental funds use the modified accrual basis of accounting and proprietary funds use the full accrual basis of accounting. Under the full accrual basis of accounting, revenues are recognized as soon as they are earned and expenses are recognized as soon as the liability is incurred. Under modified accrual basis of accounting,

¹ National Council on Government Accounting (NCGA) Statement 1, Governmental Accounting and Financial Reporting Principles, Principle 2.

² NCGA Statement 1, Principle 3

³ Governmental Accounting, Auditing, and Financial Reporting (GAAFR 2012). The Governmental Financial Reporting Model, page 39.

revenues are recognized only to the extent they are available to finance expenditures of the current fiscal period with debt service expenditures not accounted for until due. **For practical and budgetary purposes both governmental and proprietary funds use the modified accrual basis of accounting, with year-end adjustments for debt and capital outlay to convert the proprietary funds to full accrual.**

The City of Des Moines uses two of the three broad categories of funds – governmental and proprietary fund types. The City does not use the fiduciary fund type. The governmental fund types used by the City are as follows:

The **General Fund** is the general operating fund of the City and accounts for all activities not required to be accounted for in some other fund.

Special Revenue Funds accounts for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. NOTE: As part of the Financial Replacement Project, the Finance Department is reorganizing and updating the chart of accounts. The underlined funds will be reported under the Special Revenue Fund category rather than in the Capital Projects category. The City of Des Moines has the following special revenue funds:

- **Street Fund**
- **Arterial Street Pavement Fund**
- **Development Fund**
- **Police Drug Seizure Fund**
- **Hotel-Motel Tax Fund**
- **Traffic In Lieu Revenue Fund**
- **Traffic Impact – Citywide Revenue Fund**
- **Traffic Impact – Pacific Ridge Revenue Fund**
- **REET 1 Revenue Fund**
- **REET 2 Revenue Fund**
- **Park Levy Revenue Fund**
- **Park In Lieu Revenue Fund**
- **One-time Sales Tax & B&O Tax Revenue Fund**
- **Redondo Zone**
- **Waterfront Zone**
- **Planning, Building and Public Works (PBPW) Automation Fund**
- **Urban Forestry Fund**
- **Nuisance Property Abatement Fund**
- **Automated Speed Enforcement (ASE) Fund**
- **Transportation Benefit District Fund**

Debt Service Funds account for the accumulation of resources for and the payment of general long-term debt, principal, interest, and related costs. The City of Des Moines has the following debt service funds:

- **REET 1 Debt Service Fund**
- **REET 2 Debt Service Fund**
- **2018 Limited Tax Obligation Bond Debt Service Fund**

Capital Project Funds account for the acquisition or construction of major capital facilities except those financed by proprietary funds. The City of Des Moines has the following capital project funds:

- **Municipal Capital Improvement Fund**
- **Transportation Capital Improvement Fund**

The proprietary fund types used by the City are as follows:

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the City is to finance or recover, primarily through user charges, the costs of providing goods or services to the general public on a continuing basis. The City of Des Moines has the following enterprise funds:

- **Marina Fund**
- **Surface Water Management Fund**

Internal Service Funds account for business-like activities where related goods or services are primarily provided to other departments or funds of the City on a cost-reimbursed basis. The City of Des Moines has the following internal service funds:

- **Equipment Rental Operations Fund**
- **Equipment Rental Replacement Fund**
- **Facility Repair & Replacement Fund**
- **Computer Replacement**
- **Self-Insurance Fund**
- **Unemployment Insurance Fund**

STAFFING LEVEL OVERVIEW

The 2021 Preliminary Annual Budget has reduced the number of Full Time and Part Time Equivalents (FTEs) by 8.0 from the 2020 Adopted Budget. The City has attempted to retain as many positions as possible. However, due to impacts of Covid-19 and City departments taking actions to provide essential services in the current conditions there has been a reduction in budgeted positions. In addition, there are positions, which are still authorized but have not been funded.

A list of these changes is presented below:

Position Title	2020 Adopted FTE	2021 Proposed FTE
Human Resources Intern (Limited Term)	0.50	-
Human Resources Coordinator (Limited Term)	-	1.00
Lead Court Clerk	1.00	-
Senior Court Clerk	-	1.00
Court Clerk (Limited Term)	1.00	-
Court Security Officer	1.00	-
Patrol Officers - Hire Ahead	3.00	-
Traffic Enforcement Officer	-	1.00
Management Analyst - Police	1.00	-
School Resource Officer	2.00	1.00
Evidence Technician	1.00	-
Record Specialists	5.00	5.50
Administrative Assistant II - Parks, Recreation and Senior Svcs	1.00	-
Office Manager - Marina	1.00	-
TOTAL CHANGES - FULL TIME AND PART TIME EQUIVALENTS	17.50	9.50

Total Sources	\$28,801,317	\$31,239,006	\$29,615,334	\$30,657,927	\$28,776,681

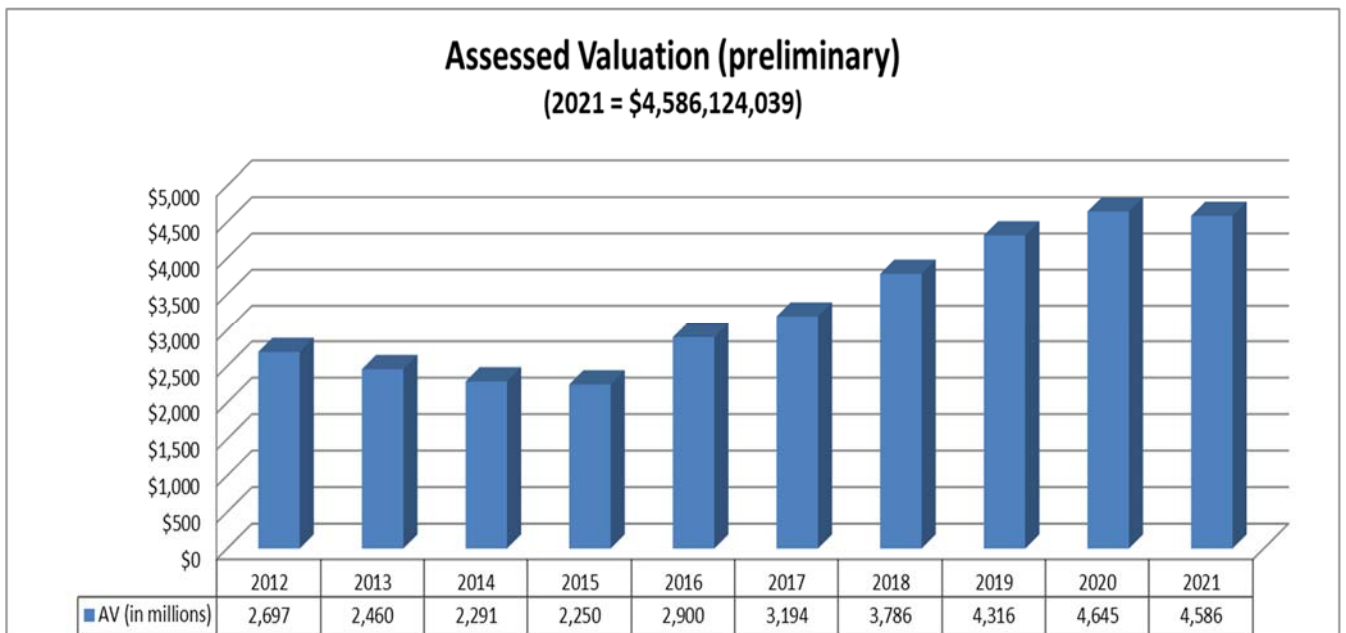

Taxes. Taxes represent 60.4% of the total revenues in the General Fund.

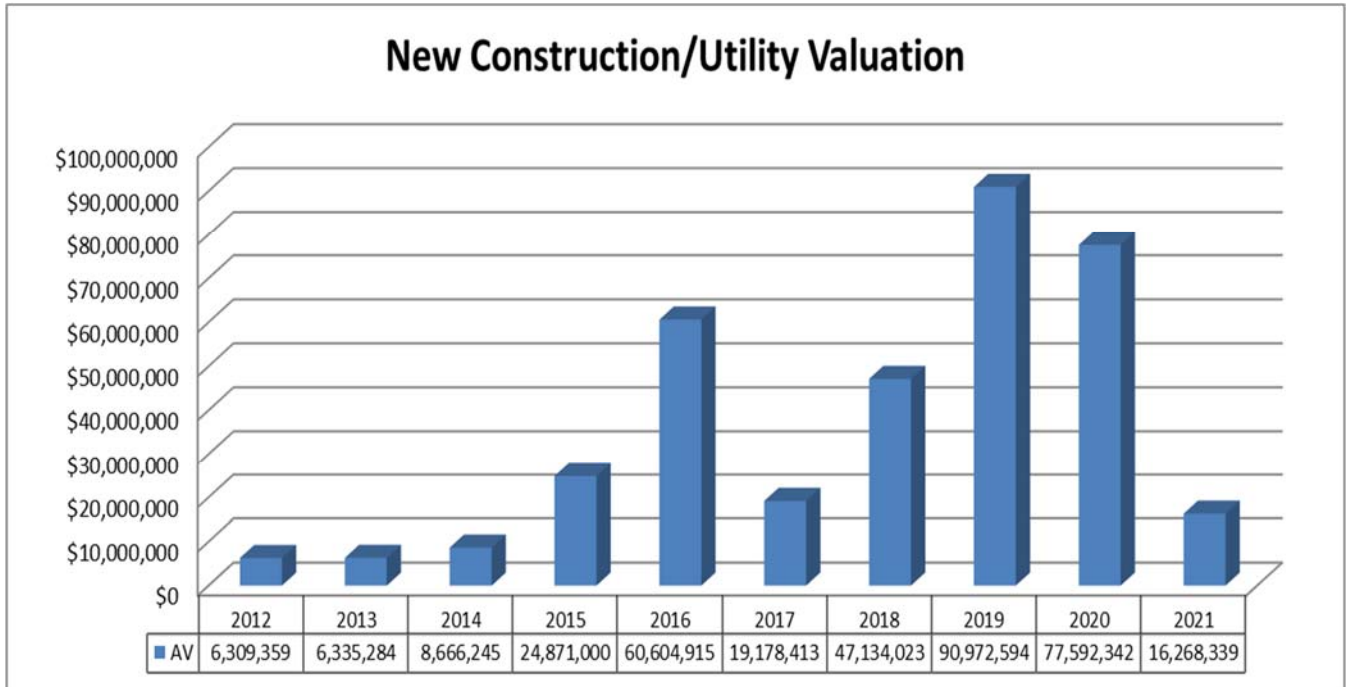

Property taxes are the largest single source of tax revenue to the general fund (\$5,271,056) but utility taxes are a close second (\$3,695,802). The relative percentage of tax sources funding the General Fund is 38.3% Property and Leasehold Taxes, 34.9% Utility, B&O and Gambling Taxes and 26.7% Sales Tax.

Property taxes. The preliminary levy information from King County shows the City of Des Moines has an assessed valuation of \$4,586,124,039. This assessed valuation has decreased by 1.3% from the 2020 final assessed valuation of \$4,645,333,100. Normally, the City would request the statutory levy increase of 1%, which requires approval from the City Council. However, due to the current economic conditions and the impacts to our residents the 2021 budget *does not include* the statutory 1% increase in the property tax levy. The 2021 property tax levy will increase an estimated \$48,946 related to new construction.

The City's success and continued focus on economic development is reflected in the increase in new construction values, which provides new, ongoing property tax revenues.

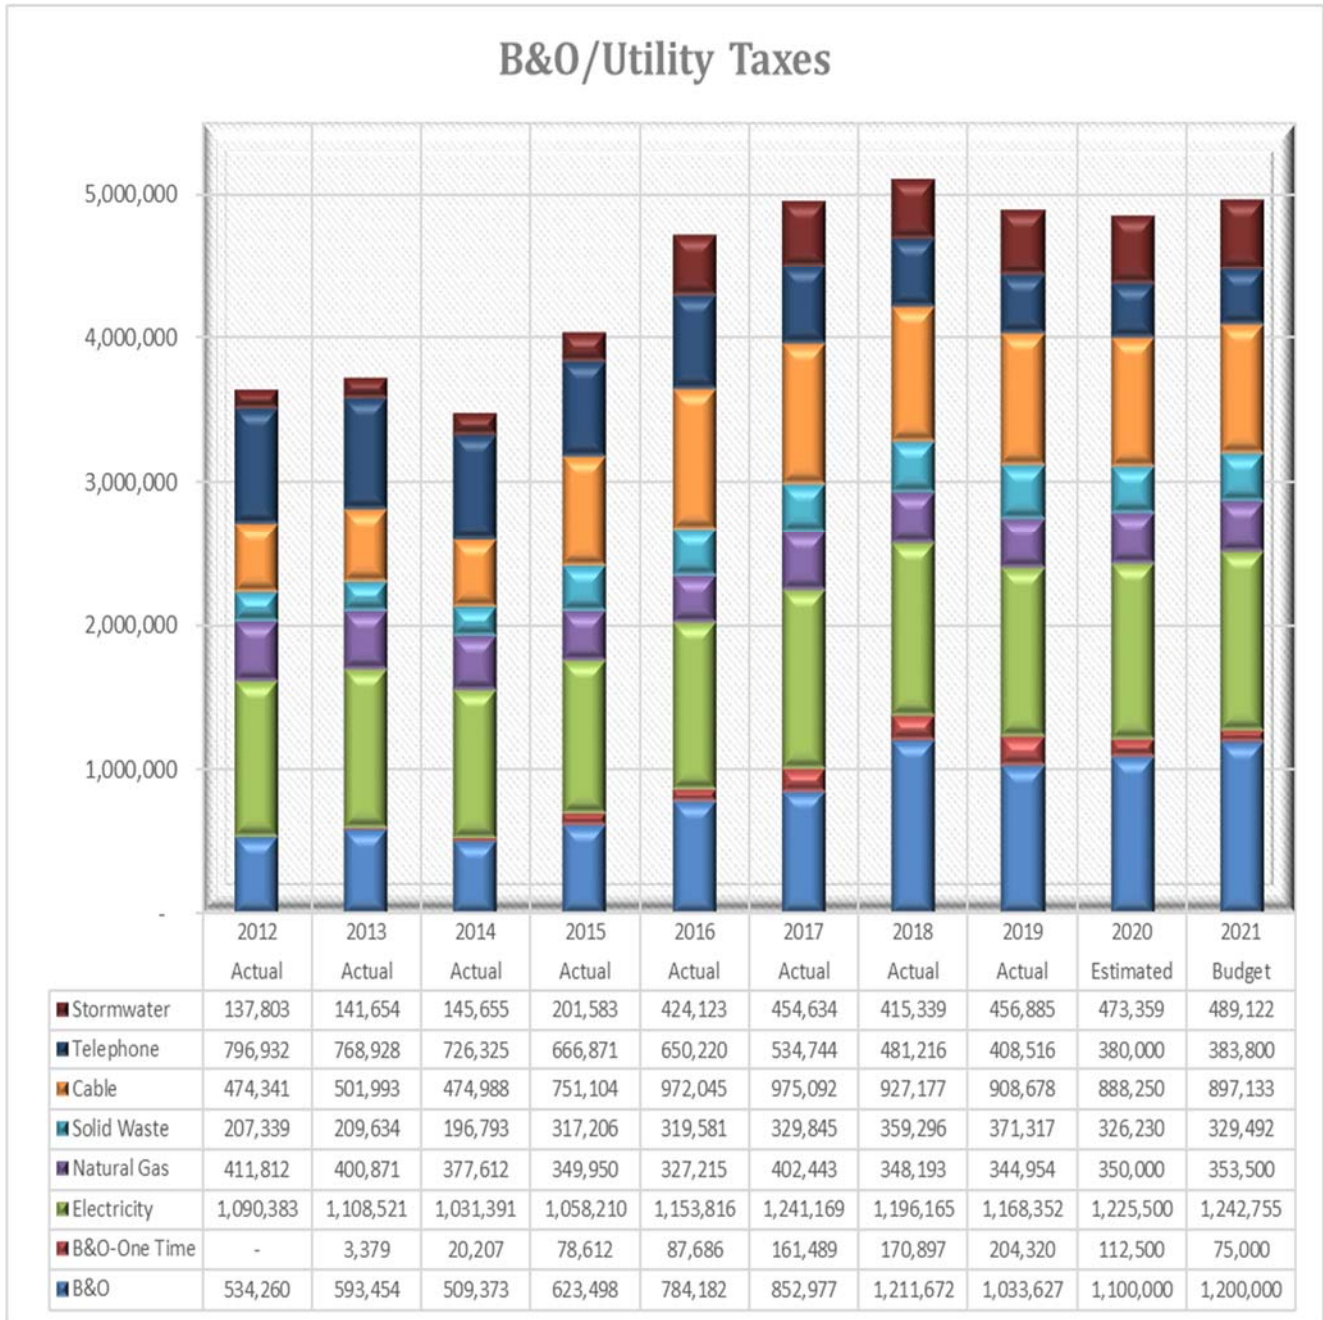

The City is limited by state law to a property tax levy which is subject to three different limitation calculations. The first limit is an overall limit of \$3.60/1,000 assessed valuation. When there is a library and/or fire district located within the City, those districts' property tax levies are deducted from the City's allowable rate (but only to the point the City rate becomes \$1.60/1,000 of assessed valuation). The second limit is that the total levy from last year cannot be raised by more than the Implicit Price Deflator (a type of inflation index) plus a factor related to new construction. The third limit is that the total levy from last year cannot be raised by more than 1% (about \$52,528) plus a factor for new construction (about \$48,946). NOTE: The 2021 Preliminary Annual Budget does not include the statutory 1% levy increase.

Retail Sales Tax. The recovering economy and the City’s continued economic development efforts are leading to increases in both one-time (construction) and ongoing increases in sales tax. One-time sales tax and B&O tax revenue is included in the 2020 Budget. To be conservative, the revenue budget for one-time sales tax is \$375,000 with a corresponding \$375,000 budgeted transfer out to fund capital improvements.

B&O Taxes, Utility and Gambling Taxes

State Shared Revenues

State shared revenues expected in 2021 is approximately \$651,636 which is 2.7% of the General Fund budgeted revenues. The State of Washington shares these revenues which from several sources and are often distributed on a per capital basis, although some shared revenues are distributed according to other criteria. As the state continues to address its budget challenges there is some risk the state may decide to withhold some or all of the above contributions it currently makes to cities.

Fines & Forfeitures. The 2021 budget anticipates an increase from increased traffic infractions due to the Police Department’s emphasis on traffic enforcement and safety. Typically, the City received \$1.5 million, which is considered “on-going” revenues from the Red Light running program. The budget shows a decrease in 2021 revenue of \$150,000 from the Red Light running program. The budgeted revenue of \$1,350,000 will support “on-going” law enforcement expenditures. No “one-time” revenues (any revenue received in excess of the \$1.5 million) from this program is anticipated for the 2021 budget.

The City has a Council-Manager form of government. The City Council consists of seven members elected for four-year, overlapping terms. The Mayor, elected by the City Council, has equal voting rights with other council members and and possesses no veto power. The City Council appoints the City Manager to act as the chief executive officer of the city.

The City Council provides effective City government representation for the citizens; adopts ordinances regulating city business; oversees municipal finances, approves contracts, approves acquisition and/or conveyance of land and other property; adopts and amends the city's Comprehensive Land Use Plan and provides leadership in the on-going efforts to diversify and expand Des Moines' economy.

LEGAL

The City Attorney is the City's chief legal advisor and is responsible for counseling all city departments and the City Council and supervises all legal work assigned to outside counsel. The City Attorney attends all council meetings and executive sessions. The Legal Department provides support in all matters before hearing examiners, judges, civil litigation, and provides general legal advice to all departments. The department writes formal legal opinions, ordinance and resolutions as well as reviews written agreements and real property instruments. It provides prosecution for all phases of criminal and civil actions.

Total Expenditures	902,121	1,152,553	884,976	874,976	1,000,519

2021 BUDGET HIGHLIGHTS:

The City of Des Moines' contribution to South Correctional Entity (SCORE) Jail facility was \$624,311 in 2018, \$822,461 in 2019; \$570,636 in 2020 and \$683,638 planned for 2021. The City has worked with SCORE Administration to provide predictable and stable annual operating costs. In 2019, the City of Federal Way left the SCORE Interlocal Agreement. At this time, the City of Des Moines joined as an Owner City, terminated the Host City Agreement, and made other revisions to provide for the issuance of bonds to refund the 2009 Bonds, which provided a cost savings for all Owner Cities (Auburn, Burien, Des Moines, Renton, SeaTac and Tukwila).

POLICE

POLICE

The Police Department is composed of the following Divisions:

Administrative. This division directs all municipal police personnel activities, ensuring efficient operation of the police department. It supervises all police functions including law and ordinance enforcement, maintenance of order, traffic control, investigation, training and discipline of personnel. It formulates work methods, procedures, policies and regulations, prepares annual budgets and attends civic meetings

Patrol. This division promotes the safety and security primarily through the deterrence and apprehension of offenders. It handles citizen calls for service, manages on-scene situations, enforces traffic laws, performs security checks of commercial and residential properties and other services.

Detective. This division investigates crime occurring within the City of Des Moines. It is responsible for identification and apprehension of offenders and the recovery of stolen property. Detectives also investigate narcotics and vice crime and will seize and attain forfeiture of properties as allowed by law.

Crime Prevention. This division manages community related activities such as the safe-walk-to-school program, neighborhood watch associations, etc. It is also responsible for development of crime bulletins and code enforcement relating to public safety and health issues.

Animal Control. This unit patrols for animals at large, investigates animal related complaints, prepares cases for court and ensures that animal owners comply with municipal ordinances.

Automated Speed Enforcement. This program promotes safety incentive by providing camera tickets those motorists speeding in two school zones.

Automated Red Light Running Enforcement. This program promotes public safety incentive by providing camera tickets to those motorists failing to stop when facing a steady red traffic control signal at designated intersections where traffic laws are enforced by an automated camera.

Also there are divisions for Code Enforcement, Training, Civil Service, Facility Maintenance and the Property Evidence Room.

PLANNING, BUILDING & PUBLIC WORKS (PBPW) TAX BASED

Included in this section's information

Reporting structure only. Information excluded from this section.

PLANNING, BUILDING & PUBLIC WORKS (PBPW) TAX BASED

The Planning, Building and Public Works (PBPW) functions funded by the General Fund include:

Planning & Development Services. Planning Services assists in developing and implementing long range land use plans. Development Services reviews proposals and drafts code and zoning amendments.

Building Division. Oversees building construction. It reviews building plans, issues permits and inspects buildings during construction to ensure compliance with approved plans and codes.

Engineering Services. This division is responsible for the city's transportation infrastructure systems. It studies and plans for improvements, seeks grant funding, designs and oversees construction. It also reviews residential and commercial development plans.

Facility and Park Maintenance. Provides for routine building maintenance for the city-buildings. Also provides landscape, design and maintenance for parks, municipal buildings, right-of-way, trails, street planting areas, city benches, support for special events and park operations.

**The Public Works Director is also responsible for administration of the city's Surface Water Management Fund, Street Fund maintenance, and vehicle maintenance and replacement; costs for which are reported in those funds rather than in the general fund.*

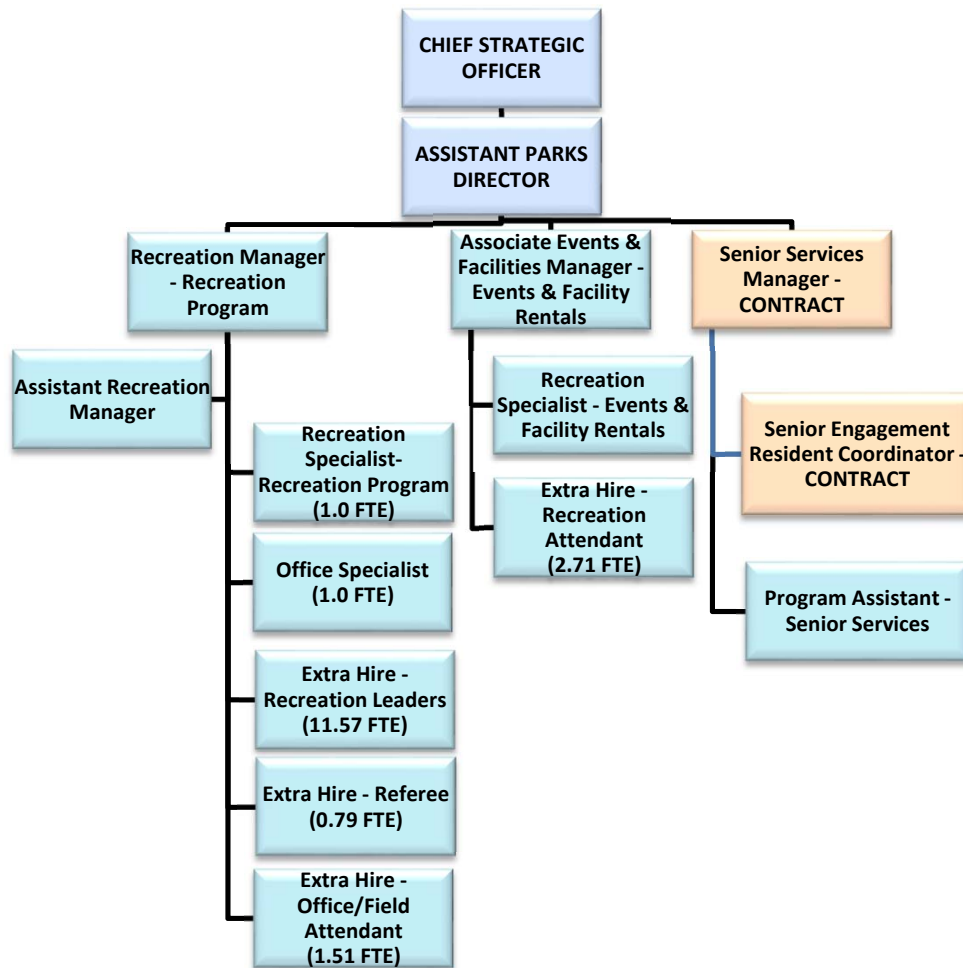

** Reason for a huge change starting 2017 is because PBPW was split into tax-based and fee-based. The tax-based activities are in the General Fund, while the fee-based are in the Special Revenue Fund - Development Fund.*

PARKS, RECREATION & SENIOR SERVICES

The Parks, Recreation and Senior Services functions funded by the General Fund include:

Administration. Provides direction to the Department, including grant and capital project development. Supports landmarks commission and lodging tax program.

Arts Commission. Creates, promotes and delivers performing, community and public art programs and recommends works of art for City's facilities and the local environment.

Health and Human Services. Provides financial aid to non-profit human services organizations who assist Des Moines citizens in time of need.

Recreation Programs. Provides activities and services for all age groups to maintain our citizen's physical, mental and social wellness.

Events & Rentals. Provides management of the City's rental facilities.

Senior Services. Provides outreach to Des Moines and Normandy Park senior citizens to support learning and independence and encourage involvement with the Senior Center and the community.

Senior Programs. Provides special events, trips, lifelong learning and continuing education, sports leagues, fitness, and dance programs. Supported by fees and charges, sponsorships, and volunteers.

OTHER FUND PROGRAM SUMMARIES

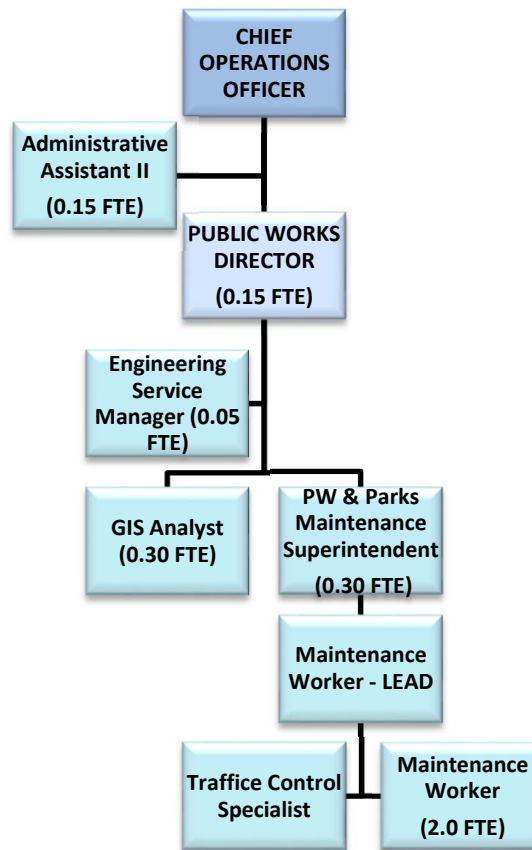

SPECIAL REVENUE FUNDS

Special Revenue Funds account for the revenues and expenditures that are dedicated for specific purposes through either State Statute or City Council Policy.

The Special Revenue Funds detailed in the following pages include:

- * Street Maintenance Fund
- * Street Pavement Fund
- * Development Fund
- * Police Drug Seizure Fund
- * Hotel/Motel Tax Fund
- * Affordable Housing Sales Tax Fund - new Fund created in 2020
- * Traffic In Lieu Fund - previously reported in Capital Project Funds
- * Traffic Impact (City-wide) Fund - previously reported in Capital Project Funds
- * Traffic Impact (Pacific Ridge) Fund - previously reported in Capital Project Funds
- * Real Estate Excise Tax (REET) 1st Quarter Fund - previously reported in Capital Project Funds
- * Real Estate Excise Tax (REET) 2nd Quarter Fund - previously reported in Capital Project Funds
- * Park Levy Fund - previously reported in Capital Project Funds
- * Park In Lieu Fund - previously reported in Capital Project Funds
- * One-Time Sales Tax and B&O Tax Revenue Fund - previously reported in Capital Project Funds
- * Redondo Zone Fund
- * Waterfront Zone Fund
- * PBPW Automation Fee Fund
- * Urban Forestry Fund
- * Abatement Fund
- * Automated Speed Enforcement (ASE) Fund
- * Transportation Benefit District Fund

STREET MAINTENANCE FUND

The purpose of this fund is to maintain City streets.

Due to the passage of I-976, the City Council directed all vehicle license fee revenue be removed from the budget. Initiative 976 is currently before the Washington State Supreme Court to determine the outcome of the legal challenge. Due to the loss of the vehicle license fees, a transfer in of franchise fee revenue is being made from the Street Pavement Fund to the Street Maintenance Fund.

DEVELOPMENT FUND

The purpose of this fund is to account for public & private development services by the planning, building, inspection, permitting, & engineering functions

** This fund was created in 2017, PBPW is split into tax-based and fee-based. This fund includes the fee-based activities. The tax-based activities are in the General Fund.*

The Planning, Building and Public Works functions funded by fees collected from permits, plan reviews, etc. This Division include:

Planning & Development Services. Planning Services assists in developing and implementing long range land use plans. Development Services reviews proposals and drafts code and zoning amendments.

Building Division. Oversees building construction. It reviews building plans, issues permits and inspects buildings during construction to ensure compliance with approved plans and codes.

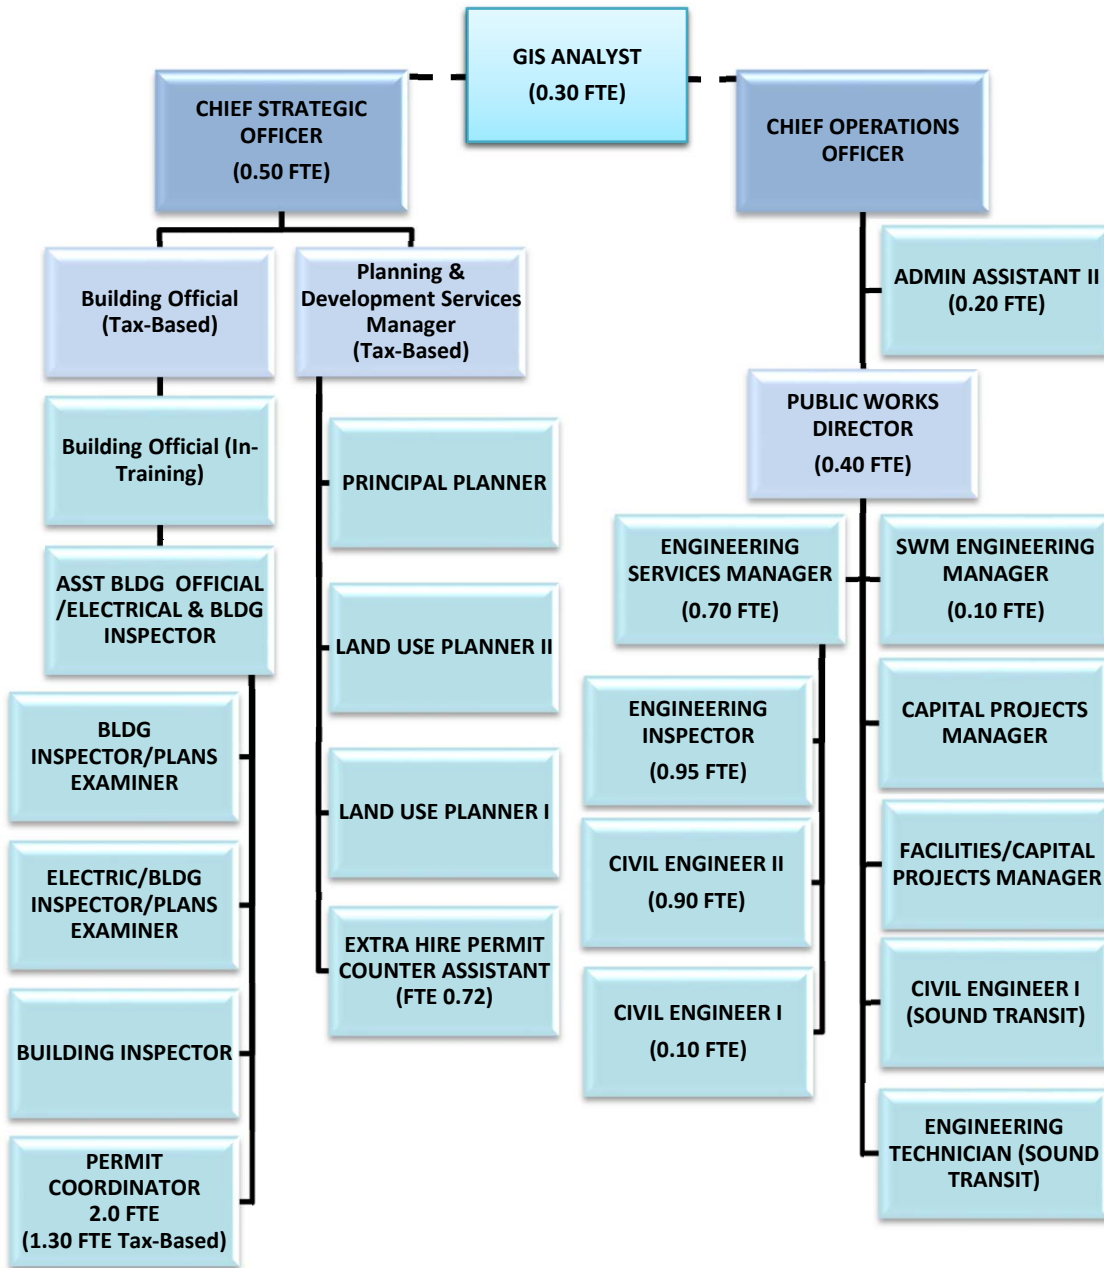

Joint & Minor Home Repair. Provides funding to low income families for minor home repairs.

Code Enforcement. Provides enforcement of the City's Municipal Code, International Building Code, International Fire Code, RCW codes and WAC codes.

Engineering Services. This division is responsible for the city's transportation infrastructure systems. It studies and plans for improvements, seeks grant funding, designs and oversees construction. It also reviews residential and commercial development plans.

City Project Management. Provides management of projects listed in the city's CIP plan.

AFFORDABLE HOUSING SALES TAX FUND

The purpose of this fund is to account for sales taxes collected, that is a credit against the state sales tax of 6.5% and does not increase the tax rate for consumers. The sales taxes collected will be used to invest in affordable and supportive housing.

The City of Des Moines entered into an interlocal agreement with the Cities of Auburn, Burien, Covington, Federal Way, Kent, Normandy Park, Renton, Tukwila and King County to create and operate a joint undertaking known as the South King Housing and Homelessness Partners ("SKHHP"). The common goal is to ensure the availability of housing that meets the needs of all income levels in South King County.

TRAFFIC IN LIEU FUND

The Traffic In Lieu Fund accounts for revenues received from agreements related to new development to offset City costs required to support the development and the related increase in traffic. Revenue from this source is largely unpredictable, subject to development patterns, and can only be used for increasing the capacity of City transportation infrastructure. The City also receives some interest revenue from investing the impact fees until ready for use.

TRAFFIC IMPACT (CITY-WIDE) FUND

The Traffic Impact (City-wide) Fund accounts for revenues received from impact fees assessed on new development to offset City costs required to support the development and the related increase in traffic. Revenue from this source is largely unpredictable, subject to development patterns, and can only be used for increasing the capacity of City transportation infrastructure. The City also receives some interest revenue from investing the impact fees until ready for use.

The City's six-year Capital Improvements Plan (CIP) includes revenues from impact fees as a source of project funding for various capacity-building capital projects. For further information on 2021 capital projects, please see the Capital Project section.

REAL ESTATE EXCISE TAX (REET 1) 1ST QUARTER FUND

The REET 1 (Real Estate Excise Tax) Fund accounts for the "first quarter percent" revenues received from the tax imposed on real estate sales transactions within the City. These funds are primarily transferred to capital project funds based on the adopted six-year Capital Improvements Plan (CIP). REET 1 is a highly volatile revenue source that is tied to the health of the real estate market. Large and unpredictable commercial real estate transactions can lead to wide fluctuations in annual REET 1 revenue collections. The City also receives some interest revenue from investing REET 1 revenue until ready for use.

REAL ESTATE EXCISE TAX (REET 2) 2ND QUARTER FUND

The REET 2 (Real Estate Excise Tax) Fund accounts for the "second quarter percent" revenues received from the tax imposed on real estate sales transactions within the City. These funds are primarily transferred to capital project funds based on the adopted six-year Capital Improvements Plan (CIP). REET 2 is a highly volatile revenue source that is tied to the health of the real estate market. Large and unpredictable commercial real estate transactions can lead to wide fluctuations in annual REET 2 revenue collections. The City also receives some interest revenue from investing REET 2 revenue until ready for use.

PARK LEVY FUND

The Park Levy Fund accounts for revenues received from King County from the approved measure to renew the property tax levy supporting parks, trails, and open space in King County. These funds are primarily transferred to capital project funds based on the adopted six-year Capital Improvements Plan (CIP).

On August 6, 2019, King County voters approved a measure to renew the property tax levy supporting parks, trails, and open space in King County. The measure replaced the levy that expired at the end of 2019 and will generate an estimated \$810 million over six years, costing approximately \$7.60 per month for the owner of a home with an assessed property value of \$500,000. The revenue generated by this levy means county-wide investments in parks, trails, recreation, and open space protection for the benefit of all King County residents, no matter where they live.

ONE-TIME SALES TAX AND B&O TAX REVENUE FUND

The One-time Sales Tax and B&O Tax Revenue Fund accounts for the transfer of all of the sales tax and business and occupation tax revenues received by the City from development projects with a total value exceeding \$15,000,000 to the Municipal Capital Improvement Fund to be used for projects consistent with the purposes of that fund. These funds are primarily transferred to the municipal improvement capital project fund based on the adopted six-year Capital Improvements Plan (CIP).

NOTE: An exception to this policy was made in 2020 and is being requested in 2021. This is to ensure the City is able to respond to the pandemic, provide essential services and to assure compliance with the fund balance requirements in the General Fund.

TRANSPORTATION BENEFIT DISTRICT FUND

The purpose of this fund was to account for the \$40.00 vehicle license fees currently imposed under the Transportation Benefit District. The vehicle license fees fund city arterial street maintenance and arterial street paving. In the 2020 budget the first \$20 vehicle license fee will be received in the Street Maintenance Fund and the second \$20 vehicle license fee will be received in the Street Pavement Fund.

Due to the passage of I-976 the collection of the vehicle license fees is currently being legally challenged. Based on direction from City Council all vehicle license fee revenue has been removed from the budget. The 2021 Preliminary Annual Budget includes a transfer of funds from the Transportation Benefit District Fund to the Street Pavement Fund for revenue received prior to the passage of I-976.

DEBT SERVICE FUNDS

Overview

Debt service funds are used to account for principal and interest payments. Debt is used by the City as a means of financing capital improvements. By extending the repayment of debt over the anticipated useful life of the improvement, the cost is more equitably spread among the citizens who benefit from the improvement.

Bonds are sold and the proceeds are used to pay for the construction of capital improvements. The bonds are repaid over a period of time from taxes, fees, or other revenue sources identified for that purpose.

The City of Des Moines has issued three types of debt for general government purposes.

- * Limited Tax General Obligation (LTGO) Bonds (also called Councilmatic Bonds) can be issued with approval of the City Council. The debt is repaid from existing general revenues of the City.

- * Intergovernmental Bonds - Backed by the full faith and credit of the City of Des Moines. In 2019, the City went from a host City for the SCORE jail to an owner City. As a host City, the City's allocable share of SCORE debt was reflected as an intergovernmental loan. With the change to an owner City, the City's allocable share of SCORE debt is reflected as intergovernmental bonds.

- * Governmental Loans - The City of Des Moines has two Public Works Trust Fund loans and one State of Washington Certificate of Participation (COPS) financing lease.

When the City issues debt, a thorough review of the City's financial condition is completed by bond rating agencies. Based on their findings, the bonds are given a rating. The City's bond rating is a reflection of creditworthiness and affects the cost to the City of issuing debt. The City of Des Moines has a split bond rating. The City holds a AA+ bond rating awarded to the City on July 30, 2018 by Standard and Poor's (S&P) and on March 6, 2019, Moody's Investors Service upgraded the City's LTGO bond rating to Aa3 from A1.

DEBT SERVICE FUND

Debt service funds are used to track the principal and interest payments for general government debt. Each year a sufficient amount of revenue is budgeted and placed in the fund to pay the annual principal and interest due on the City's outstanding debt.

CAPITAL PROJECT FUNDS

On September 24, 2020, the City of Des Moines City Council adopted the 2021-2026 Capital Improvements Plan (CIP), a multi-year plan of capital projects with estimated costs, and proposed methods of financing. The CIP is reviewed and updated annually per the availability of resources, changes in City policy and community needs, unexpected emergencies and events, and changes in costs and financial strategies.

A CIP is a planning document and project expenditures and revenues are not authorized until they have been adopted through the annual budget process.

ENTERPRISE FUNDS

Enterprise Funds are funds used to account for business-like activities where fees are charged to recover operating, debt and capital costs of an activity.

MARINA FUND

The City of Des Moines Marina is a full service marina on majestic Puget Sound. The marina is located on the east side of the East Passage of Puget Sound. The marina offers superior customer service to one-time visitors and long-term tenants; as well as, wet and dry moorage for 840 recreational vessels.

SURFACE WATER MANAGEMENT FUND

The City of Des Moines Surface Water Management (SWM) Division is responsible for implementing practices and technologies to address stormwater-related issues throughout the city. SWM's mission is to:

- * Control and minimize flooding, erosion, sedimentation, and water quality degradation;
- * Protect the stream ways and wetlands within the city limits;
- * Accommodate future urban growth and correct existing water problems; and
- * Safeguard public safety, prevent property damage, and improve water quality.

EQUIPMENT REPLACEMENT FUND

The purpose of the equipment rental operations fund is for the receipt and expenditure of moneys used to finance the replacement of rolling stock and equipment.

In 2020, as a short-term strategy to respond to the decrease in forecasted revenue due to the impact on the economy from the pandemic, the City temporarily suspended the assessments for the Equipment Replacement Fund. In the 2021 Preliminary Annual Budget the City reinstates the assessments for all funds, other than the General Fund.

FACILITY REPAIR & REPLACEMENT FUND

The purpose of the facility repair and replacement fund is for the receipt and expenditure of moneys used to finance major maintenance, upgrade, or replacement of city facilities.

In 2020, as a short-term strategy to respond to the decrease in forecasted revenue due to the impact on the economy from the pandemic, the City temporarily suspended the assessments for the Facility Repair & Replacement Fund. In the 2021 Preliminary Annual Budget the City reinstates the assessments for all funds.

APPENDIX

GLOSSARY OF BUDGET TERMS

ACCRUAL BASIS OF ACCOUNTING – This method of accounting is used in proprietary (enterprise and internal service) funds. Under it, transactions are recognized when they occur. Revenues are recognized when earned and expenses are recognized when incurred. “When” cash is received or disbursed is not a determining factor.

AD VALOREM TAXES - A tax imposed on the value of property.

ADOPTED BUDGET – The financial plan adopted by the City Council which forms the basis for appropriations.

APPROPRIATION - A legal authorization made by the City Council that permits officials to incur obligations against and to make expenditures of governmental resources.

ASSESSED VALUATION - A value placed upon real and personal property by the County Assessor as the basis for levying property taxes.

B.A.R.S. – The Office of the Washington State Auditor prescribed *Budget, Accounting, and Reporting System* manual for which compliance is required for all governmental entities in the State of Washington.

BASIS OF ACCOUNTING – A term used to refer to when revenues, expenditures, expenses, and transfers – and the related assets and liabilities – are recognized in the accounts and reported on the financial statements. It relates to the timing of the measurements made, regardless of the nature of the measurement, on either the cash, modified accrual or accrual method.

BASIS OF BUDGETING – The City’s governmental functions and accounting systems are organized and controlled on a fund basis. The accounts within the funds are maintained on a modified accrual basis for governmental funds. Revenues are recognized when measurable and available as current assets. Expenditures are generally recognized when the related services or goods are received and the liability is incurred. Proprietary funds are accounted for on the full accrual basis of accounting.

BENEFITS – Employer contributions paid by the City as part of the conditions of employment. Examples include health/dental insurance, state public employee’s retirement system, and employment security

BOND (Debt Instrument)- A written promise to pay (debt) a specified sum of money (called principal or face value) at a specified future date(s) (called the maturity date(s)) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt to pay for specific capital expenditures.

BUDGET - A plan of financial operation embodying an estimate of expenditures for a given period and the proposed means of financing them (revenue estimates). The term is also sometimes used to denote the officially approved expenditure ceilings under which the City and its department operates.

BUDGET CALENDAR – The schedule of key dates or milestones which the City follows in the preparation and adoption of the budget.

CAPITAL IMPROVEMENTS PLAN - A plan for capital expenditures to be incurred each year over a period of six or more future years setting forth each capital project, identifying the expected beginning and ending date for each project, the amount to be expended in each year, and the method of financing those expenditures.

CAPITAL OUTLAY – A budget category for items having a value of \$5,000 or more and having a useful economic life of more than one year.

COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR) – The official annual financial report of the City prepared in conformity with Generally Accepted Accounting Principles (GAAP). The annual report is audited by the WA State Auditors Office.

COUNCILMATIC BONDS – Councilmatic bonds refer to bonds issued with the approval of the Council, as opposed to voted bonds, which must be approved by vote of the public. Councilmatic bonds must not exceed 1.5% of the assessed valuation.

DEBT - Obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of governments include bonds, registered warrants, notes, contracts, and accounts payable.

DEBT SERVICE – Payment of interest and repayment of principal to holders of the City's debt instruments.

DEBT SERVICE FUND - A fund to account for payment of principal and interest on general obligation and other City-issued debt.

ENTERPRISE FUND – A fund type used to account for operations that are financed or operated in a manner similar to private business enterprise where the intent of the governing body is that costs of providing goods and services be recovered primarily through user charges.

EXPENDITURES/EXPENSES – Where accounts are kept on the modified accrual basis (expenditures) or accrual bases (expenses) of accounting, the cost of goods received or services rendered whether cash payments have been made or not. Where accounts are kept on a cash

basis, expenditures are recognized only when the cash payments for the above purposes are made.

FISCAL POLICY - The City Government's policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed upon set of principles for the planning and programming of government budgets and their funding.

FISCAL YEAR - A 12-month period to which the annual operating budget applies. At the end of the period, the City determines its financial position and the results of its operations. The City's fiscal year is January 1st through December 31st.

FUND – An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources, together with all related liabilities, obligations, reserves, and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

FUND BALANCE - The difference between assets and liabilities reported in a governmental fund.

GENERALLY ACCEPTED ACCOUNTING PRINCIPALS (GAAP) – Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompasses the conventions, rules and procedures necessary to define the accepted accounting practice at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to state and local governments is the Governmental Accounting Standards Board.

GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) – The authoritative accounting and financial standard-setting body for government entities.

GENERAL FUND - Accounts for all revenues and expenditures that are not accounted for in any other fund except those required by statute. It is a fund supported by taxes, fees, and other miscellaneous revenues.

GENERAL OBLIGATION BONDS - Bonds for the payment of which the full faith and credit of the issuing government are pledged. G.O. Bonds can be voter approved (unlimited-tax general obligation bond-UTGO) where property owners are assessed property taxes for the debt repayment, or non-voted (limited-tax general obligation bonds-LTGO) that are authorized by the governing authority (City Council) and are paid with existing tax revenues or another source.

INTERFUND CHARGES – Amounts charged for the costs of central services or support functions shared across departments. They may include accounting, human services, payroll, information

technology, janitorial services and others. These costs may include not only the salaries, wages and benefits of the employees who work in these departments but the utilities, supplies, information technology, building maintenance and other costs that support these employees. Typically, such services are initially paid through the general fund or an internal service fund and charged back to the departments and programs that directly benefitted from them.

INTERNAL SERVICE FUNDS – These funds account for operations that provide goods or services to other departments or funds of the City or to other governmental units on a cost-reimbursement basis.

INTERGOVERNMENTAL REVENUE - Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

LEVY - (1) (Verb) To impose taxes, special assessments or service charges for the support of government activities. (2) (Noun) The total amount of taxes, special assessments or service charges imposed by a government.

LIABILITY - A debt or other legal financial obligation.

LICENSES AND PERMITS - Documents issued in order to regulate various kinds of businesses and other activity within the community. A degree of inspection may accompany the issuing of a license or permit, as in the case of business licenses or building permits. In most instances, a fee is charged in conjunction with the issuance of a license or permit, generally to cover the cost of administration.

LID - Local Improvement District or Special Assessments made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

LONG TERM DEBT - Debt with a maturity of more than one year after the date of issuance.

LIMITED TAX GENERAL OBLIGATION (LTGO) BONDS - See General Obligation Bonds

OPERATING BUDGET - Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing of acquisition, spending, and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law. Even where not required by law, however, annual operating budgets are essential to sound financial management and should be adopted by every government.

OPERATING TRANSFER - Routine and/or recurring transfers of assets between funds.

ORGANIZATIONAL CHART - A graphic portrayal of relationships among positions and officials established by the City.

PERSONNEL - Refers to the number of full-time or part-time regular authorized positions which may be employed within the operation of the City.

REFUNDING BONDS - Bonds issued to retire bonds already outstanding. The refunding bonds may be sold for cash and outstanding bonds redeemed in cash, or the refunding bonds may be exchanged with holders of outstanding bonds.

RESERVE - (1) An account used to segregate a portion of fund balance to indicate that it is not available for expenditure; and (2) an account used to segregate a portion of fund equity as legally set aside for a specific future use.

REVENUE - Income received by the City in support of a program of services to the community. It includes such items as property taxes, fees, user charges, grants, fines and forfeits, interest income and miscellaneous revenue. The term designates an increase to a fund's assets from other than expense refunds, capital contributions, and residual equity transfers.

REVENUE BONDS - Bonds whose principal and interest are secured by and payable exclusively from earnings of an enterprise or proprietary fund.

SALARIES AND WAGES - Monetary compensation in the form of an annual or hourly rate of pay for hours worked.

SERVICES AND CHARGES - Expenditures for services other than personal services which are required by the City in the administration of its assigned functions or which are legally or morally obligating on it; such as, contracted services, utilities, printing, advertising, insurance and rental of equipment.

SPECIAL REVENUE FUNDS - Funds used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specific purposes.

SUPPLIES AND MATERIALS - Articles and commodities which are consumed or materially altered when used; such as, office supplies, motor fuel, building supplies and postage.

TAXES - Compulsory charges levied by a government to finance services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits, such as special assessments. Neither does the term include charges for services rendered only to those paying such charges (e.g., sewer service charges).

TAX RATE - The amount of tax stated in terms of a unit of the tax base. The amount of tax levied for each \$1,000 of market valuation.

TAX-RATE LIMIT - The maximum rate at which a government may levy a tax. The limit may apply to taxes raised for a particular purpose or to taxes imposed for all purposes and may apply to a single government or to a class of governments operating in a particular area. Overall tax rate limits usually restrict levies for all purposes and of all governments, state and local, having jurisdiction in a given area. The tax rate limit for general purposes for the City of Des Moines is \$3.60.
